

Why choose Havering Sixth Form College?

Your Study Programme	We have a very broad curriculum and welcome students of all abilities, yet our success rates remain high. In addition to your core studies, you will be allocated a coaching group and have the opportunity to participate in additional qualifications, study support, team sport, enrichments, work experience and work related study. We have over 40 clubs and societies at College and you may even choose to join the College Council. Come and see for yourself.
Your Personal Coach	In addition to your subject tutors, you will be assigned a coach who will meet with you weekly, this means that you will have all the help and advice you need to maximise your success throughout your time at College. Your coach will help you to access any support you need, to monitor and track your progress on our tracking software, Promonitor, and to help you with your progression to your next step, be that University or work. Come and meet our staff for yourself.
A Levels, BTECs or Both?	Havering Sixth Form College is the largest provider of A Levels in East London which, combined with our BTEC courses, gives you an extremely wide range of subject choice – more than 80 different courses – many of which cannot be found at other local school sixth forms or colleges. You can combine A Levels with BTECs as well as taking up enrichment opportunities which means a multi-faceted bespoke study programme can be created that is just right for you. Come and see for yourself.
Have you considered?	At Havering Sixth Form College you can choose from a very wide range of subjects, some of which you may not have considered before. How about taking a look at: Accounting, Archaeology, Computer Science, Dance, Economics, Engineering, Geology, Health & Social Care, Performing Arts, Philosophy, Psychology, Sociology and Travel & Tourism? Come and explore these subjects for yourself.
Specialist staff	Our staff are experts in their subjects, are highly qualified and only teach 16-19 year-old students. Come and meet our staff for yourself.
Aiming High	We have study programmes and coaching specifically aimed at high achieving students, designed to enhance the higher order skills required for undergraduate study and develop communication and research skills. Specific support is provided for Russell Group University, Oxbridge or Medicine applications. Come and attend a special presentation.
Progression Year	If you don't quite achieve the GCSE grades to progress to a Level Three programme straight from school then we have study programmes, coaching, support and enrichment to prepare you for progression the following year. Come and attend a special presentation.
Progression	You will receive excellent guidance during your time with us to help you move on to the next step. We have very strong links with top universities, advanced apprenticeship providers and excellent employers and visiting speakers inspire and motivate students to maximise their potential. Come and meet our careers team.
Facilities	At Havering Sixth Form College you will benefit from being on a campus that has high quality learning and social spaces, state-of-the-art specialist equipment and places where you can learn to become an independent learner. Come and see for yourself.
Success	In 2016, our overall A Level pass rate was 95% with 10% of passes at A*- A and almost one third at high grades (A*- B). A total of 22 courses achieved 100% pass rate and over 80% of courses achieved pass rates in excess of 80%. Come and see how we achieve this.
