Re: Winter PE Kit

With the weather changing as winter sets in, I am writing to you with regards to the arrangements for Winter PE kit.

Pupils are allowed to wear a base layer consisting of an additional t-shirt, or long-sleeved top. This base layer must be worn underneath their white PE shirt. All long-sleeved tops must have plain black or plain white sleeves. Pupils continue to be able to wear plain black jogging bottoms instead of shorts should they wish.

Whilst in server weather conditions we will always attempt to relocate PE lessons, we will continue to go outside in light rain or cold temperatures. This decision is to ensure the PE curriculum is met and all pupils are given full access to every PE lesson.

Should you have any questions regarding the Winter PE Kit, please get in contact with either myself or Mr Lowe (Second in Charge of PE).

Yours sincerely,

Mr D. Bracken
Head of Physical Education
